
SAN FRANCISCO.—"Yoshino," most advanced commercial jet liner manufactured by Douglas Aircraft Company, is equipped with powerful turbofan engines which provide 30% greater cruising range than other DC8's. It was delivered to Japan Air Lines and made its first trans-Pacific flight April 1.

Captain Haruo Odagiri, Captain Takeo Tomita, and Flight Engineer Ihachiro Nakano (left to right) are pictured noting the larger, more powerful Pratt and Whitney JT3D turbofan engine. These engines develop more thrust at takeoff, require less runway for takeoff, and consume less fuel at cruising speeds, making it possible for the craft to fly non-stop across the Pacific.

MJCCA Abolish Co-President System, Elect Two Vice-Pres.

WINNIPEG, Man.—The April meeting of the executive committee of the Manitoba JCCA was held on Wednesday, April 7, 1962 at the Manitoba Buddhist Church Hall, 825 Winnipeg Ave.

An invitation from the Toronto JCCA to participate in the Labour Day Softball Tournament was declined with gratitude, as the MJCCA have no plans as yet to reinstitute the softball field. Invitation from the Advertisement club, in conjunction with the Red River Exhibition, to participate in the Miss Manitoba contest was studied, but left in abeyance until the next meeting. Letter of thanks to participants, clubs, and donors to the Valentine dance was reported. Letter of thanks from the Asae family was acknowledged.

W. Shibata and S. Sato reported on the Canadian Citizenship Council of Manitoba's recent seminar on "The Canadian Identity." A full report is to follow. A report was also presented on the meeting with a speech by the Hon. Ellen Fairclough, Minister of Citizenship and Immigration. W. Shibata stated that a copy of the New Immigration regulation has been received and that a copy of the Immigration Act, and the recent amendments has been ordered from the Queen's Printer. Executives will study the changes in future meetings and inquiries from members will then be accepted.

President N. Shimizu's remarks at this meeting included a request for those executives who would be willing to serve in the coming year. The importance of regaining the prestige lost over the last few years was noted and realized. Position requirements on the Board of Directors was discussed and a systematic executive arrangement was instituted.

Recommendation of the abolishment of the two co-presidents was unanimous. Two vice-presidents were to be elected, the first to be biligual, the second to take command in absence of the president, and to handle emergency matters.

Board of Directors elected were: President, N. Shimizu; First Vice-president, I. Hirayama; Second Vice-president, M. Koga; Correspondence and Liaison, W. Shibata; Recording secretary, G. Amadatsu; Treasurer, T. Hirose; Ass't Treasurer, S. Osaka.

Committee chairmen elected were: Picnic, B. Koga; Membership, S. Osaka; Kiddies Party, F. Mitani; Banquet, I. Ariza; Keiro-kai Shinenkai, Y. Abe; Junior MJCCA, Tupper Yamane; Welfare, M. Koga; Special events, the two vice-presidents.

Resignations were received and accepted from Steve Yoshino and D. Morita.

Auditors were re-appointed for the 1961-62 season because T. Hirose is now acting as treasurer. Elected were: T. Fukumura, K. Teramura, 1962-63: D. Sakado and E. Oike.

The president requested that a quarterly financial statement be prepared for use by the executives in order that a clear financial standing can be realized.

Next meeting is slated for Wed. May 2 at the Manitoba Buddhist Church Hall. All executives and members are requested to attend.

Image of Japan Misrepresented In Many Foreign Countries

TOKYO.—Japanese authorities complain that "the new Japan" is misreported and misrepresented in the schools of many foreign countries.

Foreigners living here answer that the Japanese themselves are to blame for the "false picture" of their country seen elsewhere.

Japan certainly is much more than the land of Mt. Fuji and Geishi girls, they agree.

Yet the Japanese tourist industry so concentrates on these attractions that to many Japan has the image of being a rather backward "quaint" country of archaic beauties.

In fact, revered Mt. Fuji is seldom visible through the fog and cloud that usually surrounds it, or through the haze and smoke of the industrial atmosphere of modern Japan.

A main complaint here is that some textbooks still talk of Japan as a nation of warriors and "put undue emphasis" on Japanese militarism up to 1945.

A survey recently conducted by the national newspaper Mainichi reported that, "as was expected," school textbooks in Korea, China, and the Philippines were devoted largely to Japanese brutalities during and before the Pacific war.

"These accusations are certainly true," the newspaper commented. "It is to be regretted, however, that the textbooks take little note of the fact Japan is no longer her former self."

While parents and teachers here complain the new generation is forsaking old ways, Mainichi found a Pakistan textbook saying Japanese children are brought up to be obedient and to serve their country.

The newspaper translated this view from the Soviet Union.

"Japan was a powerful imperialist nation before World War II. In 1945, Japan surrendered as a result of all-out attacks by the Soviet army. . . . The Americans, who occupied Japan, are rearming her and do not allow her to democratize the political system and carry out economic reforms."

Experts Say Japanese Not Harming Fish Catch

By NORMAN HACKING

VANCOUVER.—Japanese mid ocean fisheries are not responsible for the serious decline in several species of B.C. salmon.

That was made clear by fisheries scientists at a meeting of the Canadian section of the International North Pacific Fisheries Commission, held in Vancouver last week.

FISH MINGLE

Dr. A. H. Needler, director of the Pacific Biological Station at Nanaimo, and Dr. M. P. Shepard explained to the industry, by means of graphs and statistics, the results of several years of research by commission scientists.

A widespread tagging program and study of various salmon broods, through scale differentiation, proves conclusively that Japanese fishermen have taken no appreciable number of B.C. salmon, and certainly not enough to account for the declines in the runs of chums, pinks and sockeye.

The United Fishermen and Allied Workers' Union, speaking for the majority of B.C. fishermen, has long claimed that Japanese mother ships, operating west of the treaty line of 175 degrees west longitute were catching vast quantities of B.C. fish.

RESEARCH RESULTS

Dr. Needler pointed out that there is considerable mingling of Asiatic and American stocks of salmon on both sides of the treaty line, but that practically all such North American fish come from Bristol Bay in southwestern Alaska. With few exceptions, B.C. salmon spend their salt-water lives well east of the mid-ocean line.

G. R. Clark, deputy minister of fisheries, who is chairman of the Canadian section of the fisheries commission, reported that Canadians are gravely disturbed at the possibility of Japanese and Russian trawling fleets moving into the halibut area south of the Aleutians, at present fished by Canadian and American boats.

He said that in reply to representations made by the Canadian government, the USSR had replied that Soviet trawling fleets planned only exploratory fishing south of the Aleutians at this time. The Russians said that if it were decided in the future to engage in the halibut fisheries on a commercial basis in the area, the Soviet Union would be prepared to co-operate in the protection of stocks and regulation of their catch.

The Japanese agreed to abstain from fishing for halibut, but maintained their right to fish for bottom fish in the area.

Jetro Plans $638,000 Exhibit For Seattle World Trade Fair

TOKYO.—The Japan export Trade Promotion Agency (JETRO) has decided to exhibit goods worth 230 million yen ($638,000) at the world trade fair at Seattle next month.

Japanese goods will include electronic products as well as traditional handicraft items, according to JETRO officials.

They will be exhibited at the "Japan House" which will be erected in the fair grounds.

Officials said Japan also will take advantage of the occasion to promote tourism in connection with the 1964 Olympics in Tokyo.

In addition Japan is scheduled to present famous "Bunraku" puppet shows during a Japan week at the fair, the officials said.

Japanese Influence Strong In Hawaii

HONOLULU.—Diamond Head is a long way from Fujiyama, but Hawaii visitors can find plenty of Japan in Honolulu this spring.

To the usual Honolulu teahouse parties, samurai movies and floor shows from Tokyo, will be added cultural displays of Old Japan.

Highpoint of Hawaii's tropical springtime is the annual Cherry Blossom Festival staged by Japanese-Americans of the community.

Ancient Nipponese ceremonies, antique art objects, classic sports and historic costumes draw Islanders of all races to Waikiki Beach and the exhibit halls.

Carp kites fly against the tropic sky and artificial cherry blossoms deck stages and store windows, as well as oriental bazaars and restaurants. Real cherry trees do not flower in Hawaii's sunshine, but golden shower trees will be in full glory.

Graceful children dance to koto and samisen and brightly costumed folk-dancers perform to the beat of drums.

The celebration should bring out the biggest parade of kimonos and obis Honolulu has ever seen, according to the Hawaii Visitors Bureau. Plus fashion shows galore, all stressing the exotic Polynesian and oriental note for which the city is famous.

Along with Hawaiians, Samoans, Filipinos, Koreans, Puerto Ricans, Tahitians, Chinese and Caucasians from around the world, spring visitors will see sumo, judo, kendo and the arts of Japanese paper-cutting and flower-arranging.

After mornings of Polynesian sightseeing or surfing, vacationing housewives will be able to attend lessons in Japanese cooking. Everything from how to [illegible]

Whaling Will Strengthen International Relations

Reopening of the British Columbia whaling operation this month is an occasion for congratulation for all concerned. It will create from 170 to 200 jobs and pour an estimated $1½ million into the province's economy.

But the immediate results are of less importance than the manner in which they were reached. To management-labor agreement is added commercial enterprise and international co-operation which could offer a valuable precedent.

A Japanese-Canadian combine has revived a B.C. industry which three years ago was pronounced dead by both management and labor.

The international co-operation is more than merely a financial arrangement. There is a joint investment, but in addition Japanese skilled workers are instructing B.C. whalers in the most modern techniques of a B.C. industry designed to depend on a Japanese market.

A new product, frozen whale meat for human consumption, is expected to support the industry, which could no longer exist on sale of whale meat and whale oil only.

It is to be hoped many a harpoon strikes home this year. If the venture is successful, Canadian and Japanese investors will be drawing dividends from Canadian workers using Japanese techniques to supply a Japanese demand from otherwise unused Canadian resources.

This is the sort of deal that can only improve international relations.

There may be some faint regret that the B.C. fishing industry was unable to set up such an operation on its own initiative, but even this should be forgotten in view of the fact that since we didn't know how, we weren't too proud to learn.

DINE AND DANCE WITH CLUB REC SO—TO-NITE

TORONTO.—The Stanley Cup hockey games will resume on Sunday evening so there is absolutely no reason for you to stay glued in front of your video box. Doctor Killdare can wrestle with the rest of the crew, including Perry Mason and the pugilistic artists.

Give yourself a treat by dropping in at the China House situated on Eglinton near Bathurst St.

This newly decorated home of excellent food is the locale for Club Rec Socratic's Dinner-Dance which will be held this evening.

Dust off the hat and cane, let's see you strutting around, with gal in arm and rythm in your feet. You can dance to the latest hit parade tunes and listen to the food sink slowly to the lower depths.

Want to feel happy and gay? You know the way; there will be lots of "kick-a-po juice" or if tea is your speed, then drink up and be merry, this is your night.

Remember, you don't have to be a Club Rec Socratic member to enjoy this affair, bring yourselves to the China House. Dancing will follow shortly after the dinner. See you there?

FASHION SHOW DRAWS CAPACITY CROWD

TORONTO.—The Third Annual Parade of Fashions presented by the Toronto Dana on March 31, was an overwhelming success. A capacity crowd of 500 attended the showing of spring into summer fashions modelled by young children, teeners, business girls and housewives.

Everything ranging from childrens sleepwear, which really stole the show, to bathing suits, bridal party, cocktails, casuals, which included matrons half-size dresses, were shown in their latest styles and colors. Sample clothes were loaned out by local Fashion Houses such as Lou Larry for sportswear, Nu-Mode and Young Sophisticates of New York for casuals and Brody Draimin & Co. for the beautiful furs.

The number featuring the Far East costumes of Japan, China, Thailand and India was one of the interesting highlights of the evening. Of particular interest was the Punjabi folk dance with its intricate hand motion and footwork.

Many door prizes were given away and a lovely three piece suit was raffled off. Delightful refreshments were served in the Social Hall following the show.

The committee wish to thank all those who so generously gave their time and energy toward making this event such a successfull one. We also wish to express our sincere thanks for the numerous donations that were received.

MONTREAL. — The Women's Auxiliary of the Knox, Crescent, Kennsington Church featured at their first spring meeting on April 4th, "the Art of Ikebana". Mrs. Hoshin Horisaki, the guest demonstrator created 4 beautiful arrangements for a most appreciative and attentive group.

A unique Moribana was composed with the combination of delicate and gracefully flowing Weeping Willow and Red Tulips. An array of Calla-Lillies complemented by Yellow Tulips made another attractive arrangement. The Nageire was created with the use of budding Lilac branches and Pink Chrysanthemums. The elite piece of the demonstration was a Bonkei of a spring scene with Pine and White Hyacinth.

カナダ産サケ日本はとらず

＝専門家が研究結果を發表＝

【晩市發】ビーシー漁者組合が、近年來のサカイ、ピンクおよびチャム漁の不良成績は、日本漁船團が太平洋のまんなかで、これらを大量漁獲するためだと非難抗議しているのは誤りであると今週、晩市でわれわれた北太平洋漁業委員會のカナダ側會議で、その方面の專門家が科學的調査結果を發表した。

△ナナイモにある太平洋生物研究所長ニイドラー博士と同所のシェパード博士がそれぞれカナダ産サモンについて數年間行ってきた試驗研究の結果、日本漁船が太平洋のまんなかではカナダ産サモンをほとんど漁獲していないことを發表、日本がとっているのは主にベーリング海峡以東のサモンであって、なかにはごく少數のカナダ産サモンが交っていることはあり得るが、漁組が苦情を申し立てているが如き事實は全くないとしている。

どこに不景氣風が？

横濱古屋の櫻井氏ビックリ

横濱の古屋商店社長櫻井虎雄氏は商況視察のため來市、古屋貿易會社社長坂本氏とともに東部米加都市を歴訪したのち五月初旬、約二週間の予定で兩氏は歐州各都市を訪問することになっている。櫻井氏は十年前、トロントを訪れた當時と現在の日系カナダ人の生活ぶりをみて一驚、次のように語った

ナイアガラ・フォールスをみせてやろうというので、古屋がツラックを出して來てつれていってくれたのは十年前だったが今日來てみて、社員の方々が新車を各々持っているという發展ぶり。また一般日系人の活躍ぶりを聞かされて日本で思っているようにカナダは不景氣だ、ということは少しも實感がでてこない。むしろその反對のように感じとれて、どこに不景氣風が、といいたいところです。

平家がにの戀

山本由美子

何とも甘美な戀だった。こんぶ林をくぐり抜け、くらげに足をきらわれながらわたしはあのひと(?)に會いに出かける。夜光虫は夜の道案内……海の中には人間の世界のように汽車というしろものもないし……ロケット打ち上げ等よそごとで、ラッシュアワーという字さえも辭典にはない。過去も現在も未來もなくあしたもあさっても、すべて原始のままである。しかしわたしにはめんどうくさい約束ごとのある人間の世の中より、寛大で自由なこの生活がどんなに、魅力的かもしれない。ある日には、苔だらけの岩の上ですべらない様に氣をつけて休んだり、とある雨の日には、きじゅうだんの様な雨足を避けるために、はんだわらに一夜を托し……にび色の老岩には、なまこだの、ほしなめだの、もってうしいだたのが、押しあいへしあい鈴なりの會議中。ヤレ八郎岩のアツビのおくさんはおめでただとか。天草が値上りになったのでわたしの住居がなくなるとコザカナのぐち……他愛のないおしゃべりが續く。わたしは横目でそれらを素通りし、あなただけに向ってあるいて行く。待ちあわせのメオト岩のすその方にあなたは素朴な物を身にまとい ひとみをうるませて待っていた。サラサラと砂床を流れる、さくら貝の群。あなたのモナ・リザのほゝえみ。 ああその場にさえも初心なわたしは、昔のままの平家がに。

北川生

永い冬ごもり。ひたすら待ちあこがれた春の便りが來た。小川の水も微笑みかけ、枯れ委の柳の枝々には小豆色の皮を破って、青い芽が顔をもちあげ、遠い山脈の殘雪も日に消え去るようだ。

早春は陽の光りで氣づき感じるのである。やわらかな光りの中に、しだいに夢から醒めてゆくように、春の喜びがみえる。偉大なる自然はこれを喜び、人間もそれを感じる。

美しい草木も、にくい草も、すべて眼にみえないバクテリアによって春の訪れと共に芽を出す。美しい花ばかり咲くわけではない。皮肉なことに、雜草の種ほど力強いものはない。

土中に雜草の種があってはいいものはできない。肥料をやるのは次の問題である。よい花を咲かせようとするわれわれだが、人間界にも、土中にも雜草の種があまりにも多すぎる。全世界を美しい樂園にしようとしても、地球上をカバーする土から改めねばならないが、これはできない。

要は雜草を根絶するか、雜草を美しい花に轉化させる以外に途はなさそうだ。

冬の灰色の夢を破って、たくわえたエネルギーをこれから存分に發散させ、生き生きと心ある毎日を送りたいものだ。

『事業活氣』の予算 扶助免税引上る

赤字七億四千五百万弗見込む

【オタワ發】フレミング藏相は十日夜、議會野黨側がやかましく迫った予算案を發表したが、カナダ國内有力各紙が大見出しで報じているように一般納税者には、ほんのちょっぴりと情け涙を流すほかは、全く『ビジネス・バジェット』に終始したが、これに對してピアソン自由黨主は『いま投票せよ、支拂いは後から……』という言葉がピッタリ當てはまる予算であると皮肉り、またシーシーエフ黨のレジイエー議員は『大會社をさらに太らせる予算で、納税者には一厘も與えられないものだ』といっている。

△予算案の主要點はカナダ國内の大中小各會社および産業にシゲキを與え、その擴充計劃を助長するために大巾なタキス・カットを斷行するというのにあり、これに反して納税者には、家族手當(ファミリー・アロワンス)をうけている子供たちの免税額を五十弗ふやして三百弗にし、その他の扶助者は五百五十弗としたこと以外には、納税者の基本的免除額その他は無變更。

△更に酒及びタバコ税も變らず、ますは各種會社や製造業者に事業擴張、研究その他についての經費を大巾に免税して産業界に活氣を與えると共に就職狀況を改善しようというのがネライであるが、それにしてもフレミング藏相の發表した予算案は今年で六年連續の赤字予算で、七億四千五百万弗の出血と見込んでいる。

引退恩給六千弗 定年上議に

【オタワ發】ディフェンベーカー首相は今週、上院議員定年制(七十五才)によって上議を引退することになる者には一年六千弗の引退恩給を政府が與えると發表した。現在、上議は年一万弗貰っているのである。なお上院改正法案は下院議會で第一讀會を通過、實施は總選擧后になる見込み。七十五才定年制によって、二十九名の上議(自由二十六)が強制引退となり、それによる空席は保守黨系人にデ首相が指名して埋める。

超音波利用インキなし ボールペン米國に登場

△インキいらずの超音波ボールペンが、アメリカで發明された。形が万年筆に似ているのは、在來のボールペンと同じだが、軸のなかには、インキのチューブならぬ小型の高周波發振装置が仕組まれている。これから出る超音波が、先端のボールに傳えられて振動し、紙の上をこする。と、纎維の配列が變るために、書いた文字や記號、線などが、はっきり見える仕掛け。初めから色のついた紙に書く場合にも、ボールペンの通ったあと色素が凝集して紙の色より濃くなるので、ちゃんと讀めるそうだ。

△もう一つの特色は、超音波を出す發振器に可動部分がないので、維持費がゼロに近いことと、どんな角度でも書けること。工業や醫學研究でグラフをとる場合の自記装置や青寫眞の原圖作成、トレースなどにはもってこいのようだ。なおこのボールペンで書いた文書や記錄は、インキと違って温度や光線に影響されることがないため、いつまでも色があせないという。『紙そのものと同じだけの壽命が保證される』とは、考案したブレイン・ビュー社(ニューヨーク)のPRである。

全國的ストへ

水先案内 =早速要求を容れよと迫る=

【モントリオール發】セントローレンス河水先案内協會は、要求通りの條件を早速受諾しない場合は、カナダ全國のパイロットのゼネ・ストを呼びかけることにするといきまいている。水路に働く二百七十八名のパイロットは事實上、ストに突入してすでに數日、水路航行はリバー・ボートを除き外內大型船はいずれも立往生の狀態である。

△カナダには約四百名のパイロットがあり、もし水路パイロットのストに同情することになれば、西は晩市、東はハリファックスにいたる各港の船舶出入は完全ストップすることになるが、バルサー運輸相は『パイロットのスト突入は間違い』といっており、十五日の水路開通日までに、解決をはかりたいといっている。

カナダ最初の原子力發電

【オタワ發】カナダ最初の原子力發電所が十一日運轉を開始したとゴードン・チャーチル大臣(科學及び産業研究委員會議長)より發表された。原子力ステーションはオタワ西北百五十マイルのロルフトンで、發電は今後二、三カ月以内に行なわれる。

モ市總領事 田村幸久氏

在モントリオールの日本總領事館の井川克一總領事の後任として、四月十日付、外務省經濟局外務參事官田村幸久氏が決まり、五月赴任する。井川氏は三月、ベルギー大使館參事官に榮轉した。

田村幸久(ユキヒサ、四八才)氏は昭和十三年(一九三八年)外交官試驗に合格、その翌年スペインに駐在、本省に戻って儀典課長などつとめた。フランス語に堪能な人で、戰後、フランス、ユネスコ關係、ベルギー、ルセンブルグ、カサブランカなどに歴任した。

身代金で釋放か

【マイアミ發】當地のキューバ亡命者の代表は昨年春キューバ進攻の際にカストロ政權に捕えられた捕虜たちの身代金六千二百万ドルの額を引き下げるようカストロ首相に要請するため十日ハバナへ向かったといわれる。

△當地のキューバ家族委員會(亡命者の團体)のスポークスマンは同委員會の會見申し入れに對しカストロ首相が好意的返答を與えたと語っている。また同委員會の財政擔當者は委員會がすでに二千六百万ドルを積み立てたことを明らかにした。昨年三月のキューバ進攻でキューバ側に捕えられた捕虜は約一千余名でそれぞれ三十年の禁固刑を課せられており、その身代金は二万五千弗から五十万ドルに及んでいる。檢事のホセ・サンチャゴ氏は死刑をふくむきわめてきびしい求刑を行なったが、カストロ首相は死刑に對して慎重な態度をとったといわれている。

渡米も中止

廣島の縣議

【廣島發】廣島縣政を大きく混亂させた知事、副知事、正副議長が辭表を出した大判小判問題は、縣議らの自肅で一應落着した。また縣は長老議員三人の二十五年勤續を記念して地元に胸像を建設する計畫を進めていたが、費用百五十万圓のうち七日、まず一議員が縣へ返す手續きをとった。九日までにあとの二人も返す。また十二人の縣議が近く一カ月の予定でアメリカ旅行に出かけるため縣費一千万圓が旅行あっせん業者に拂込まれているが、解約手數料などは議員がみんな負担して一千万圓そっくり縣へ返却することにした。

核實驗に抗議

【東京時事通信】安藤外務省アメリカ局長は今週、グッドイヤー駐日米大使館參事官を招き、米国のクリスマス島核實驗計畫に對し抗議する口上書を手渡した。

晩市會議で勞組一致 新民主黨を全面支持

【晩市發】カナダ勞働會議は今週、政治不干渉主義をはなれ、新民主黨に對する積極的支持を滿場一致で決議した。この會議に出席した各勞組代表千百名はシーシーエフと勞組の合体である新民主黨を育てあげる責任があることを再確認し、すでに十七万五千の勞組員が新民主黨に付隨しており、これを二十万にふやすつもりであると新民主黨ではいっていゝ。

△また勞働會議ではオフィス又は店員の組織化について討議したが、一代表はその第一歩の仕事として、トロントのイートン百貨店店員の組織化が急務であるとしている。カナダ勞働會議では、未組織のオフィス・ウォーカーは五十万人とみており、これらは勞組員の對象であるとして、その方面に努力が向けられるべきことが強調された。

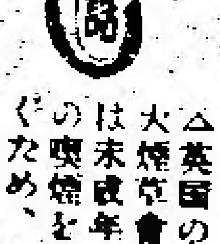
空から米づくり

青森縣農地にヘリでじきまき

【東京發】農村の勞力不足をなくすため、全国初の試みとして近く空から水稻のじきまき試驗をする。種まきから刈取り前の乾燥剤の散布までヘリコプターを利用し、人も機械もできるだけ水田に入れないで米をつくろうという計畫。

△これは東京都中央區銀座西、社團法人農林水產航空協會(會長三田村武夫氏)が日本農林ヘリコプター會社、青森縣、同縣農試藤坂試驗地などと協力、五月はじめに同縣上北郡上北町沼崎干拓地で行なうもので、勞力は田植え栽培の一割前後ですむなど試驗の結果が各方面から期待されている。

△水稻のじきまき栽培試驗は昨年から全国各農試ではじめた。これまでの成績では田植え栽培とくらべ勞力は半分ぐらい、收量は大体同じ。同協會が農林省のきもいりで去る二月、事業を開始した機會に農村の勞力をさらにちぢめようと、こんどの計畫がでてきた。



△英国の五大煙草會社は未成年者の喫煙を防ぐため、テレビによるタバコ廣告を毎夜九時までに行わないことに同意したという。

Fishing Lines

By OSCAR HATASHITA

NEW TACKLE

New items in the tackle field include a new series of spinning rods by the French Luxor Company which are impressive in their flex and feel. The Luxor people are also discontinuing their well known "Supreme" reel which has been our favorite rainbow reel for many years.

In buying new tackle, especially reels, it may be a good idea to stick to the old proven, reliable models for which parts are available, and let someone else try the new ones which are so colourfully advertised in the fishing magazines.

If you go fishing fairly often a manual spinning reel, that is, a reel without a pickup bail, is something to consider. We have been using a manual fishing reel (the line is picked up on a roller with the help of your forefinger) for about eight years and we haven't run in to any mechanical trouble as yet. You can expect, in a normal bail type spinning reel, to replace springs and have bail trouble because any spring tends to crystalize after repeated stressing.

TACKLE CARE

This is tackle repair and reconditioning time and one thing we tend to overlook is our landing nets. We've seen many a fish scooped with a landing net only to see it go right through the netting. Strong, timely words are usually expressed with a red face, but we feel that what is really needed is a strong, replacement webbing. Chances are your frame is still good.

In putting new line on your reel it is a good idea to try to overfill the reel a little bit, then we can afford to lose quite a bit of line before the reel gets underfilled.

If using last years line check it for brittleness. Kinky monofilament line can sometimes be straightened by tying one end of the line to something solid and pulling. I'm on the lazy side, but some people do this on every fishing trip.

Next you should check your rod guides for line grooves. It's poor economy to use new line with worn guides. The only remedy is to replace the worn ones with new ones

If you wish quite often it will pay to get carboloy guides, though they cost a little more. I've been using one set of carboloy guides for, I don't know how long, so I guess its cheaper in the long run.

Spinning reels should be cleaned and greased yearly and checked for wornout washers and twisted parts.

Might be a good isea to take it to a reliable tackle shop because the average fisherman hasn't the parts and experience necessary for the job.

FISHING NEWS

Tom Yatabe, who is presently living in Gunnar, in Northern Saskatchewan, sent me a picture of the 102 pound record laker which was caught in Lake Athabaska by a commercial fisherman. The previous record for Lake Trout, also caught commercially in 1956, was 84 pounds.

Locally, at Bracebridge, there are a few Lake Trout caught, but on the week-ends it gets pretty crowded.

I haven't heard, yet, of any good catches of smelts, but it should be any day now.

Don't forget the Angler's Club banquet this Sunday at 2:00 P.M. Its at the Grange Restaurant in Hamilton and should be fun as always.

Main vs Yamada In Finals

Kakino Scores Winning Overtime Goal

TORONTO. — Komori Auto Body played a strong, heads-up brand of hockey for 42 minutes and then let-up for three minutes to knock themselves out of the Toronto Nisei Hockey League finals.

Out-skated, out-checked and out-scored 3-0 in the game and 4-2 in the two games total goals to count series, Yamada Studio came to life with three minutes left in the third period, tied the score and went on to add two more goals in the overtime session to come out on top and earn a spot in the battle for the Connie Tanaka Memorial Trophy against Main Auto Body.

Chuck Saito opened the scoring in the first period as he combined with Bob Masukawa and Bob Miwa to tie the series at 2-2. Then in the second period Saito again found the range as he took a pass from Rick Matsumoto at centre ice, shifted around the Yamada defence and beat goalies Bob Yoshiki with a hard backhand shot.

In the third period Major Fukumoto tallied on a pass from Johnny Kitamura and this seemed to be enough to gain a berth in the finals as the two goal lead loomed bigger and bigger as the game approached its end. Then the roof fell in on Komori Auto's play-off hopes.

Joe Wakayama, the league's top goal scorer during the season with 19, started Yamada on the comeback trail when he laid a pass out in front of the Komori net to an uncovered George Shimano who quickly fired it home. Then from the next face-off the Photographers raced right back and Bert Nasu fired the puck into a maze of players in front of the Komori cage and it caromed into the nets to tie the series at 4-4.

Going into the overtime session, the Photographers continued to press Komori in their own end. Then the end came for Komori as George Baba checked Bob Miwa coming out of his own end and Ted Kakino raced in to fire a rising shot into the top corner past Komori goal-keeper Jerry Yamashita to ice the game for Yamada. A few minutes later, Brent Yasuda nailed down the latch on Komori's 1962 play-off hopes as he tallied on an unassisted play.

In the other half of the semi-finals, Main Auto Body defeated pennant-winning Mickey Sato 3-2 to take the two games total goals to count series 8-4 and advance into the finals tomorrow against Yamada Studio.

Mickey Sato who had practically coasted to the league championship, wrapping up the Toronto JCCA Challenge Trophy with three weeks remaining in the regular schedule, ran out of steam in the play-offs and were humbled by a Main Auto team which had struggled along in third place for most of the season.

The Insurancemen blew whatever chance they had of pulling the series out of the fire when they failed to capitalize on a penalty shot. The shot was awarded to Sato when a Main defenceman fell on a loose puck in his crease in the second period.

Sato captain, Satch Fujimoto, elected to take the penalty shot, skated in slowly and fired the rubber into the pads of Main netminder, John Tabata. This play seemed to emphasize the lack of that extra drive by the Insurancemen throughout the two-game series.

The Insurancemen seemed ready to pull the game out of the fire in the initial period as they jumped into a two goal lead on goals by Tak Tanaka and Rich Yoshida. In the second frame Main came back to tie the score as Dave Ishikawa and John Hamada found the mark.

However, after the penalty shot was called and missed Mickey Sato seemed to run out of all desire and Dave Ono tallied once in the third period to end the scoring for the afternoon.

NOTES: The first game of the finals will begin at 4:00 P.M. All players MUST wear their team sweaters.

Officials for this game will be: referee—Satch Fujimoto; linesmen—Bob Masukawa and Rick Matsumoto.

The league banquet for players only will be held on May 12th at the Toronto Buddhist Church with supper beginning at 6:30 P.M. A social will be held after the banquet for the players and their wives or dates.

All players wishing to participate in the league next year are asked to register with Al Masukawa before or after this week's game, if you have not already done so.

Judo Championship Tourney At YMHA Gymnasium To-nite

TORONTO.—The fastest-growing sport in the world will enjoy its Olympics debut in the 1964 Olympic games in Tokyo. What is it? Judo of course. Since its inception under the guidance of Jigoro Kano in 1882, judo has spread throughout the world. Since the end of World War II it has grown in popularity at an unbelievable rate, supported by National, International and World Tournaments which attract thousands of participants and spectators. Its acceptance into Olympic competition serves to further verify the impact it has had on the world of sports.

Not everyone can afford to go to Tokyo for the '64 Olympics, and many probably would like to see some action before then. Under the sanction of the Canadian Kodokan Black Belt Association, the official governing body for judo throughout Canada, the Ontario Judo Black Belt Association will conduct the annual Eastern Canada Championships to-night.

Contests for individual black belt champion, and for five-man under black belt teams will commence at 7:00 p.m. in the gymnasium of the YMHA, Bloor and Spadina. Defending black belt champion, Rene Lalonde, who runs his own school of judo and ju-jitsu in Montreal will be on hand to do battle and the five man team champions from Hatashita Judo Club in Toronto will have their work cut out for them if they're to retain their crown.

All proceeds go to further the promotion of the sport of judo throughout Ontario.

Japan Makes Bid As Third Rocket Power

TOKYO.—Japan is making a bid to become the world's third-ranking power in rocketry.

A new rocket now ready for testing will enable Japanese scientists to probe outer space and Japanese experts declare that only the Soviet Union and the United States will be able to do better.

Japanese plans call for the continued development of rockets as part of the country's studies of the ionosphere, which has been practically untouched so far by the United States and the Soviet Union.

The new rocket, Lambda, named after the 11th letter of the Greek alphabet, now is being made as the successor to the Kappa rocket which supplied useful data during the International Geophysical Year.

The Lambda, just under 26 feet in diameter, is capable of a thrust of 42 tons, compared with 10-ton boosting strength of the single stage Kappa rocket with about half the diameter. It will use solid fuel.

HORIZONTAL FLIGHT

Equipped with four nozzles, it has a horizontal flight capacity of nearly 1,900 miles, compared with just over 62 miles for the Kappa. It is capable of rising to an altitude of 620 miles, compared with 140 miles for Britain's Skylark rocket and 87 miles for France's Veronique.

The first flight test of the new one-stage rocket will be made by the end of March, 1963.

Japan hopes to complete a three-stage Lambda rocket by the 1964-65 International Solar Year, making it possible to probe outer space up to an altitude of more than 620 miles.

Another Japanese rocket, called the MU, capable of carrying a man into space, will be ready for testing by 1965.

Astronaut John Glenn Unable To Visit Japan

WASHINGTON.—The chances of astronaut John H. Glenn's visiting Japan are dim, the National Aeronautics and Space Administration said this week.

A spokesman for the government agency, which is in carge of the U.S. space flight program, said it already had denied several requests from Japan—as it has denied hundreds of similar requests from all over the world.

The program for Glenn at the moment is that he may make occasional appearances at scientific or engineering conferences where what he says has a specific value for assembled experts.

While officials said Glenn might perhaps go abroad, they said whatever happens, these appearances will be "work-related and not public relations."

The spokesman said that Sankei Shimbun, Mainichi, Asahi, and the Japan Rocket Society jointly with Yomiuri Shimbun, all have asked if they can sponsor Glenn on a visit to Japan.

He said there has been no official request from the Japanese government, but that at the moment, even an official request would be very unlikely to receive a favorable answer.

DEATH MYTH

TOKYO.—The Ainu people of Japan expect a husband to destroy his house when his wife dies so it will be conveyed to heaven for her use.

P.C. Candidate Opens Spadina Riding Office

TORONTO.—Toronto publisher John Bassett, 46, federal Progressive Conservative candidate in Spadina Riding, said recently at the opening of his new office in the riding, he has high hopes the services at the new location will be of assistance to newcomers in the area.

"I believe in the integration, not the assimilation of newcomers into Canadian life," Mr. Bassett repeated the thoughts he had expressed at a recent reception for newcomers at City Hall.

"And because of the cosmopolitan representation in Spadina, I fully realize the man who represents this riding in the House of Commons really represents all of Canada," Mr. Bassett said.

"Up until the war, Canada drew largely from only two sources and two countries to create its national blood stream—that of French Canada and that of the Anglo-Saxon world," he said.

"Since the war, through immigration, Canada has now absorbed hundreds of thousands of immigrants from Europe and other parts of the world.

"This nation has had an opportunity to learn from them and, thereby to know itself as a country far better," Mr. Bassett said.

Mr. Bassett's new office at 485 Bloor St. West in Toronto, near Brunswick, is equipped to handle inquiries in any language, in matters concerning Mr. Diefenbaker's Government in Ottawa.
